

Enduro Shield

UP TO 90% LESS CLEANING

PERMANENT PROTECTIVE COATINGS
GLASS • TILES & GROUT • STAINLESS STEEL

SHOWER SCREENS:

Save time and money with EnduroShield®, the revolutionary permanent non-stick coating ideal for all glass shower screens. The once only application makes grime, dirt and soap scum easier to clean by up to 90%.

Reduce cleaning
time by up to 90%

- Available in a D.I.Y kit or by professional application
- 10 Year warranty on new glass (factory or professional application)
- 3 Year warranty on existing glass & D.I.Y kits

- Suitable for new or old glass
- Once only application
- Permanently bonds to glass
- Protects against etching and staining from:
 - hard water
 - lime scaling
 - soap scum
- Works on all glass including bathroom mirrors

Shield**

BALUSTRADING & POOL FENCES:

EnduroShield® is perfect for glass balustrading and pool fencing. The invisible coating protects against corrosion and etching from contaminants including salt, bird droppings and pollution.

Untreated glass is porous and as a result it absorbs pollution and contaminants which cause deterioration and discolouration. The deterioration of the surface makes cleaning more frequent and difficult.

EnduroShield seals the porosity of the glass preventing the deterioration caused by etching and corrosion. As a result the time and frequency of cleaning the glass is reduced.

WINDOWS & DOORS:

EnduroShield® is ideal for use on any glass windows and doors. The once only application makes dirt and grime easier to clean by up to 90%. It will also protect against corrosion and etching caused by contaminants including sea salt, bird droppings and cement slurry during the building process.

Maintain the look
of your home

- Suitable for new or existing surfaces
- Coating is UV stable
- Prevents against etching and corrosion from:
 - sea salts
 - dirt & contaminants
- Makes fingerprints easier to clean

LARGE D.I.Y KITS

These kits provide great value for those homeowners wanting to protect larger areas around the home such as windows, pool fences, balustrades and floor tiles.

TILES & GROUT:

EnduroShield® for tiles and grout can be used on all ceramic, vitrified and porcelain surfaces, such as tiles, toilets and basins. Ideal for the tiles and grout in the shower enclosure, the superior protection reduces the build-up of mould and harmful bacteria, helping promote a germ free environment.

Suitable for new
or old surfaces

- Available in a D.I.Y kit or by professional application
- 3 Year warranty on all tiles & grout

Reduces mould
& algae build up

SPLASHBACKS

EnduroShield® is great for use on coloured glass or tiled splashbacks, making the cleaning of food and cooking oils a breeze.

STAINLESS STEEL:

Cleaning indoor and outdoor stainless steel surfaces is a breeze with EnduroShield®. The invisible non-stick protective coating seals the surface, eliminating the need for harsh chemicals. Fingerprints along with other marks are easier to remove.

Fingerprints are easier to remove

Protect against corrosion & staining

EnduroShield seals the surface of the stainless steel helping to prevent the deterioration caused by etching and corrosion. As a result the time and frequency of cleaning the surface is reduced.

EnduroShield for stainless steel can be applied to all stainless steel grades and finishes. Ideal surfaces include kitchen rangehoods, fridges, cook tops and BBQ's.

PROFESSIONAL GRADE MAINTENANCE :

Maintain the appearance of your treated surfaces with the EnduroShield® range of professional grade cleaning and maintenance products.

MICROFIBRE CLOTHS

EnduroShield Professional Grade Microfibre Cloths are available to suit all glass, stainless steel and tiled surfaces. The ultra long lasting cloths provide a professional grade, chemical free clean and ensure that your treated surfaces remain pristine without any damage to the protective coating.

CHROME SQUEEGEE

The EnduroShield Professional Grade Chrome Squeegee allows for faster, non-streak cleaning on large surface areas including windows, doors, pool fencing and glass balustrading. The professional squeegee comes with quality metal fittings, an easy grip handle and an adjustable blade.

EnduroShield
